Dear Parents/Guardians,

On occasion we are fortunate enough to have access to visiting specialists at St Brigid’s. This may include but is not limited to registered speech therapists, psychologists and occupational therapists.

In an effort to provide the best support for our students, we request permission for these specialists to observe our students in their classroom environment.

In addition to classroom observations, recommendations and suggestions will be provided to our teaching staff for identified students who may require additional support.

Some students may be selected to participate in small group work, whilst their skills are still developing. If further intervention is deemed appropriate parents/guardians will be notified and further personalised permission will be sought.

Please complete and return the form below to the school office.

Should you have any queries please feel free to contact me at your convenience.

Dianne Ahern
Learning Adjustment Officer
St Brigid’s Primary School.
